50 Years of Excellence and Experience

Everything Excellence does is focused on one goal: helping our partners grow their businesses. We produce an extensive range of coolers and freezers for display and storage. Excellence Industries has proven success developing custom solutions for the food, beverage, spirits, and food service industries. We are the premier commercial refrigeration partner for brands such as Nestlé, Pepsi, Ben & Jerry's, Healthy Choice, Remy Martin, Godiva, Outback Steakhouse, Singleton Seafood, Whole Foods, and Marriott.

The Cycle of Excellence

How the continuum of partnership helps your business grow.

Excellence Industries innovates new products and develops custom equipment programs for some of the most successful brands in the food industry. Graphics that break through the clutter at point-of-sale. Staging of deliveries that get units to market when you need them. Lease programs that optimize cash flow for your business. National service contracts that make your refrigeration units completely hassle-free. A proprietary decommissioning process that utilizes the most advanced green technology and exceeds EPA standards.

INNOVATION

The Excellence track record of innovation includes new energy efficient technologies, new ecologically improved refrigerants, breakthrough LED lighting solutions, unique case development and customized accessories.

LOGISTICS

Excellence Industries will automate, report, and set up your logistics to optimize efficiency and maximize your profitability.

DISTRIBUTION

Our network allows Excellence to get your solutions in the field more quickly and more cost efficiently.

The Most Resourceful Innovation in Food Service Refrigeration

The most important thing food service companies hear from Excellence Industries is, "yes." Yes, we can build that one-of-a-kind unit for your newest concept. Yes, we can get units to you quickly. Yes, we have the industry's premier recycling program and take full legal responsibility for decommissioning your equipment in full compliance with EPA regulations. Many food service companies have discovered the power of yes and switched to Excellence. Don't get out-yessed by your competitors. Call Excellence today and speak with a partner.

LEASING

Purchasing refrigerators should never freeze your cash flow. Excellence Industries partners our custom refrigeration solutions with custom financial solutions.

SERVICE

We will customize a service program that meets your needs and keeps your refrigerators and freezers generating business. Excellence has a network of field technicians with years of experience.

REFURBISHING

Refurbish to revive and extend the life of your ice cream bunkers, upright freezers, countertop coolers and more. Fashioned after the Excellence Environmental Company (EECO) recycling program, the refurbishing program is a cost-effective and time-efficient process to extend the life of your equipment.

RECYCLIING

At Excellence, sustainability is more than a marketing term or part of some distant vision statement. Our complete green decommissioning program is a 3-step practice that meets and exceeds EPA standards.

What Does Excellence Industries' Power of Partnership Mean for Your Business?

Your experience is seamless and efficient. It begins with innovative custom designs and graphics. Then Excellence Industries offers logistics and distribution, leasing, service, and recycling—all from one reliable resource.

We become immersed in your business and integrated with your operations. Excellence has five decades of proven success as a superior outsourced solution for all commercial refrigeration needs. Our network spans four continents utilizing factories with production capabilities that exceed one million units annually. For over 50 years, the company has been supplying self-contained refrigeration units that help grow revenue. Excellence Industries produces an extensive range of coolers and freezers for display and storage.

Excellence
Industries

Profit from the Power of Partnership.

KEY ASPECTS

SPECIAL FEATURES:

- Painted steel interior
- Standard with SS pans
- Casters standard-2 locking
- Extra storage
- Mezzanine shelf
- Environmentally friendly hydrocarbon refrigerant

OPTIONS:

- Lock and key
- Dipper well
- Graphics

Complies with 2017 DOE standards for commercial service over counter freezer and service over counter ice cream freezer

Excellence Commercial Products

STANDARD WARRANTY - Within the Continental United States

Excellence Industries warrants to the user:

ONE YEAR CABINET WARRANTY

The cabinet and all of its parts shall be free of defects in the material and workmanship under normal use and service for a period of one year from the date of purchase. Excellence Industries sole obligation under this warranty shall be limited, at its option, to either repairing or replacing any part of the cabinet determined by Excellence Industries to be defective. Excellence will pay standard labor rates when service is dispatched through Excellence Industries national service desk at 1-877-872-3797. Labor for outside service companies is only reimbursable with prior arrangements and written approval from Excellence Industries.

ADDITIONAL FOUR-YEAR COMPRESSOR WARRANTY

In addition to the Standard Warranty, Excellence Industries offers an additional FOUR YEAR COMPRESSOR WARRANTY. Excellence Industries agrees to replace the compressor with a compressor of like or one or similar design an capacity if it is determined by Excellence that the compressor is inoperative due to defects in factory workmanship or material under normal use and service. The warranty is for the part only and does not include any labor charges.

Excellence's obligation under the Four-Year Compressor Warranty Contract shall be limited to a period not to exceed five years from the date of installation. The Four-Year Compressor Warranty does not apply to any part of the cabinet or its finish, nor does it apply to the control, relay, fan or any electrical component.

Further terms of the contract cannot be considered valid if the compressor has been subjected to an accident, alteration, abuse, misuse, or damaged by shipping, delivery, flood, fire, or acts of God. The Four-Year Compressor Warranty Contract shall place no liability on Excellence for any labor or labor costs in replacing the compressor, heat exchanger, drier, fan or replaceable parts of the cabinet. Excellence Industries shall only be obligated to furnish the replacement compressor.

LIMITED FIVE YEAR LEAK WARRANTY

The cabinet shall be free of insulation failures and refrigerant leaks within the insulated area of the cabinet for a period of five years from the date of installation or six years from the date of manufacture, whichever occurs first. Excellence sole obligation under this warranty shall be limited to the following:

- Year one after purchase – Full replacement including freight.
- Year two after purchase – A new cabinet can be purchased by customer at 20% of the original purchase price. Customer to bear cost of freight from Excellence warehouse.
- Year three after purchase – A new cabinet can be purchased by customer at 40% of the original purchase price. Customer to bear cost of freight from Excellence warehouse.
- Year four after purchase – A new cabinet can be purchased by customer at 60% of the original purchase price. Customer to bear cost of freight from Excellence warehouse.
- Year five after purchase – A new cabinet can be purchased by customer at 80% of the original purchase price. Customer to bear cost of freight from Excellence warehouse.

At Excellence Industries discretion, the company can demand return of the cabinet in question. Excellence will pay any associated cost of freight to perform internal leak tests. If the unit is deemed to not have an internal leak, the customer must bear all the cost of freight both to and from Excellence's facilities and service.

Do not Drill Holes in Cabinet

Refrigeration tubing and wiring is routed through the cabinet walls. Leaks, wet insulation, or electrical problems caused by drilled holes are not covered by warranty. Any tampering with, drilling holes in or unauthorized modification to the cabinet will void all warranties.

General:

ABUSE, MISUSE, ACCIDENTS – Excellence Industries shall not be responsible for parts or assemblies, which upon inspection are determined by Excellence Industries to have been subjected to misuse, neglect, lack of maintenance, alteration, accident, abuse, damage during transit or delivery or by fire or flood.

CONSEQUENTIAL DAMAGES - IN NO EVENT SHALL EXCELLENCE INDUSTRIES BE LIABLE FOR SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION, FOOD SPOILAGE OR PRODUCT SPOILAGE CLAIMS, NOR FOR ANY DELAY IN THE PERFORMANCE OF THIS WARRANTY DUE TO CAUSES BEYOND ITS CONTROL.

The standard warranty and any service contract related to the STANDARD WARRANTY shall apply only to the products sold and used within the boundaries of the Continental United States.

Users may file warranty claims either directly with Stajac or with immediate seller from whom the cabinet was purchased. All claims must be supported by information concerning the alleged defect and specifically identified by the Serial Number of the cabinet.

THERE ARE NO OTHER WARRANTIES EXPRESS, IMPLIED OR STATUTORY, EXCEPT THIS WARRANTY, WHICH IS IN LIEU OF ALL OTHER WARRANTIES INCLUDING TO THE EXTENT PERMITTED BY LAW, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
